WORK EXPERIENCE

Freelance Web Developer

Jan 2023 - Dec 2024

- Developed and deployed multiple **SEO-optimized** business websites serving an average of **1,500+** monthly visitors and improving search engine discoverability.
- Delivered a custom business website contributing to an estimated **12% increase** in client sales through improved online presence and lead generation.
- Engineered the official website for a Higher Secondary School using **SCSS, Nunjucks, and JavaScript**, centralizing resources for **500+** weekly visitors.

EDUCATION

KMCT CEETM, Kerala Technological University

Bachelor of Technology, Computer Science & Engineering

Expected Graduation: 2029

Perinthalmanna, Malappuram

PROJECTS

Campus Echo

2025

Anonymous Campus Communication Platform

campus-echo-v3.web.app

- Built an anonymous campus discussion platform for **30+ pilot users**, enabling real-time discussions, voting, moderation, and media sharing using **Next.js 15, TypeScript, PostgreSQL, Prisma, NextAuth.js, Tailwind CSS, Pusher, and Cloudinary**.

SkillForge

2026

Personal Skill Tracking Application

skill-forge-puce.vercel.app

- Built a productivity and skill-tracking application for monitoring streaks, sessions, and performance analytics, using **Next.js, React, TypeScript, Zustand, Tailwind CSS, Recharts, and browser persistence**.

Library Management System

2024

Web-based Library Management Application

library-system-demo.onrender.com

- Built a role-based library management system supporting book issue/return workflows, user administration, and bulk data import using **Flask, Python, SQLite, JavaScript, Tailwind CSS, and Pandas**.

LEADERSHIP

Union Chairperson

KMCT CEETM

- Coordinate student activities, technical events, and communication between students and administration.

Media Coordinator & General Secretary
